

LEGACY

CUSTOMER SERVICE & ACCESSIBILITY POLICY

Policy Statement

Legacy is committed to providing an accessible environment in which all individuals have access to our products and services in a way that respects the dignity and independence of persons with disabilities. This includes creating and fostering inclusive and positive attitudes that are considerate and accommodating to all individuals, including persons with disabilities. Our commitment is to provide all customers, including those living with disabilities, the same opportunity to access our products and services in the same place and in a similar way to all others.

Guiding Principles

Legacy will use the following guiding principles to clarify the expected attitudes and behaviours in daily work life with customers and each other

- *Respect*: Each of us will demonstrate honesty, integrity and belief in people.
- *Ownership*: Each of us is accountable for creating an environment that contributes to the success of our customers, consumers and each other.
- *Collaboration*: Each of us has an important role in working together for a common purpose.
- *Continuous Improvement*: Each of us is committed to ongoing improvement in all we do to anticipate and exceed needs as they evolve.

Communication and Assistive Devices

Legacy will communicate with a person with a disability in a manner that takes in to account the person's disability.

Legacy will also facilitate the use of personal assistive devices. Assistive devices may include service animals and support persons.

Unless otherwise excluded by law, Legacy will ensure that any person using a service animal is permitted access to our premises with his/her service animal and to keep the animal with him or her at all times.

Where excluded by law, Legacy will ensure that other methods of access are available to a person wishing to access any premises. For purposes of this Policy, an animal is a "service animal", (a)

where it is readily apparent that the animal is used by the person for reasons relating to his or her disability; or (b) if the person provides appropriate documentation confirming that he/she requires the animal for reasons relating to the disability. A service animal includes a guide dog as that term is defined in the *Blind Persons' Rights Act*.

Persons accompanied by a "support person" shall be permitted to have this individual with them at all times. For purposes of this Policy, a "support person" is, in relation to a person with a disability, another person who accompanies him or her in order to help with communication, mobility, personal care or medical needs or with access to goods or services.

Notice of Temporary Disruption

Should there be a disruption in any of the services outlined in this Policy, Legacy shall post notice of such disruption, including the reasons for the disruption, anticipated duration and description of alternative services, in the affected location.
